

SPECTO pricing information

Valid until December 31, 2005

There are the following license models :

- a) the lease of SPECTO services
- b) the buy of SPECTO product licenses

a) SPECTO service leasing (SPECTO clients/engines hosted by MATHESIS)

Monitoring ‚chains‘ (set of URLs) are configured on one of Mathesis‘ SPECTO instances in the internet.

Number of URLs (URL = web page)	10	11-25	26-50	51-100	>=100
Fee per URL per month	€ 20,00	€ 15,00	€ 10,00	€ 8,00	€ 5,00

Hosting and administration of complete engines is at 1/10 of the product price (see below ‚product licensing‘) per month. E.g. a leased 100 URL SPECTO engine is at 900 € per month ((7500 + 1500) / 10).

The above fees includes :

- an online web access to modify the configuration, and review status and results,
- an unlimited number of ‚notifications‘ (via email, SMS or fax),
- regular summary reports (via email).

b) SPECTO product licensing (engines to be hosted by the customer)

All licenses (‚single‘, ‚site‘ and ‚company‘) are server products with unlimited number of concurrent users. They are functionally equivalent, differing only in the maximum number of product instances and URLs.

License type ‚single‘ :

One instance of the SPECTO server (includes unlimited instances of ‚web-recorder‘) with up to 50 URLs. The base price for such an instance is **€ 7500**.

Extension to #URLs	100	250	500	Unlimited
Additional fee	+ € 1500	+ € 3000	+ € 5500	+ € 7500

License types for multiple instances :

- ‚site‘ (unlimited number of licenses for a specified region (e.g. a customer ‚campus‘))
- ‚company‘ (unlimited license for the complete customer’s company)

Above models are priced according to the customer’s size.

The annual service fee is 25% of the product price; service includes all new releases of the core product and auxiliary services. Service is free for the first year after initial purchase.

The license ‚single‘ includes installation, documentation und tutorial, an introduction and the unlimited use of the support-database (daily response); ‚site‘ and ‚company‘ additionally include two training courses.

All licenses include the usage of the MATHESIS SMS, FAX, VIA and remote mail services.

c) Services

Additional services by MATHESIS (usually required for defining the ‚chains‘) are at **€ 120/hr** (additional expenses depending on customer location).
